General and Revenue Secretariat.

Serial Nos 4

Part B for December 1932

SUBJECT

Revised estimate for Rs 11500/- for the supply of Drinking water to Madhugiri Town through Bore wells

---

4) The D C Tumkur
Director of Health
" Sanitary Engineer, Rockefeller foundation
" Comptroller

L 4182-5 dt 16-12-1932

Sanctions the estimate

Recd 10 1-33

Serial No

From
The Agent Turkur S Letter no L Dis e 526(3) 17 8/32
Forwards an estimate amounting to Rs 15000 for supply of water to a portion of Mathugiri town from borewell and requests that half the cost may be contributed by govt and of this is not possible at least Rs 5000/-

1) The estimate sent is only preliminary estimate and the amount of estimate is Rs 15000 a The financial portion after wd cancel as per bud pt estimates for 1932 33 is shown below

Opening balance		Rs 14357
Receipts		
Special –	4850	
Normal	12478	
Total		17328
		31685-
Expenditure		
Special –	10550	
Normal	10456	
Total -		21006
Closing balance		10,679

2) The closing balance includes a sum of Rs 5000/- in Post Deposit The wd cancel to finance their share of the cost by private subscription It is stated that 9 persons have promised to subscribe Rs 200/- each and the wd cancel is bonafide but they have not come forward It is not clear whether any amount has been collected and deposited in the Treasury Annual withdrawals

File No 125 of 1932-33 | General and Revenue Secretariat

portion of the estimate i.e. 50% + the closing balance will fall short of the prescribed minimum. It has to be ascertained whether any amount of the subscriptions has been realised

3) Govt have almost committed themselves to the extent of Rs 9209 for contribution towards water supply to Tezpur and Rs 500 towards Dawaleta water supply and they have also to provide Rs 44000 towards the water supply to Kohat Town which it is understood is in progress they have also promised Assam will commit to contribute towards their water supply if funds permit does not the provision of Rs 25000 under water supply in the current years budget, very little is left Besides the question of water supply to Sonapotam is under the active consideration of Govt

(1) Altogether all, the supply is from borewells to supply water to a portion of the towns the finances of the MC cannot are satisfactory and they may perhaps cut down expenditure and finance the scheme with the addition of the subscriptions promised

4) The water supply grant has to be operated by the Sanitary Engineer under recent orders The Sanitary Engineer may perhaps be consulted before making any commitments but for orders

5) A The records are unofficially

Secretary) Yes

9) Returned with compliments to the General Secretary to Government

The Municipality are willing to contribute Rs 5,000/- out of their reserve balance and claim that they can raise another Rs 5,000/- by public subscriptions to the water supply system Now if Government are willing to supply the necessary cast iron pipes estimated at Rs 1,250/- to the Municipality as a loan to be repaid over a period of say ten years, the scheme may be taken up immediately up to a total amount of Rs 11,250/- available as enumerated above It would be necessary to reduce the amount of the distribution system by about Rs 3,000/-: but the main features of the distribution will be executed and the Municipality can extend the distribution as funds are available and the demand warrants the extension

GENERAL SECRETARY 19 AUG 1932 No

Sir

Subject - Supply of Drinking Water to Madhugiri Town through Bore-wells

---

I have the honor to state that on account of the difficulties experienced by the residents of Madhugiri Town for want of proper supply of drinking water in the several wells of the town, the Madhugiri Municipal Council have as an experimental measure got a bore-well sunk in the Hospital Compound which is said to be yielding more than 1800 gallons of water per hour

With a view to supply sufficient quantity of water to the whole town the council are desirous of constructing 25 Public Fountains in the busy parts of the town for the present and have reserved the question of providing house connections for future consideration after testing the scheme for a year The total cost of the scheme as per estimate prepared by the Sanitary Executive Engineer amounts to about Rs 15000/- The details of the scheme are fully explained in the President's letter

A public meeting of the citizens to discuss measures for working the scheme was held on 27-7-32 and an influential committee of [redacted] was formed to collect public subscriptions for the purpose I [redacted] generous persons of the town have promised to [redacted] fountains in the

192

Received

General No.

No.

Enclosure No.

and that public subscriptions would come up to about Rs 5000/-

The Council have also resolved on 2-8-32 to contribute Rs 5000/- out of their reserve balance of Rs 12900/- to the said scheme and to request Government to meet half the cost of the scheme or at least to contribute Rs 5000/-

Considering the fact that Madhugiri is a place where water difficulty is keenl felt I request that sanction of Covernment may kindly be obtained to the estimate and the resolution of the Council in the matter, a moiety of the cost as prayed for by the council being met by Government

The file of correspondence ending with Madhugiri Municipal President's letter No Ml 14/32-33 dated 6-8-32 is herein enclosed for favour of perusal

Consulted, suggests that the estimated
Cost of the Scheme may be reduced to Rs 11,250
by reducing the amount of distribution
system, by about Rs 3000 while executing its
features, so that the Distribution
as funds are available and the
demand warrants the extension.
It is seen from the records received
with your letter that the mil
Committee are willing to contribute
Rs 5000/- out of their reserve
and hope to raise another Rs 5000/-
by public subscription. I am to state that
will favourably consider the grant
of the balance of Rs 1250 after
the municipality has raised
Rs 5000/- from the public and
and therefore to request you
to forward report as soon as
the public subscription of Rs 5000
and credited. The approval
of the mil Committee may also be
obtained and forwarded for the
revised estimate of Rs 11,250
The estimate received with your letter
is herewith returned.
